SUMMARY

Driven and enthusiastic developer skilled in **HTML, CSS, JavaScript, React, Git and MySql**. With over 2 years of experience in banking operations, I desire to transition in to the exciting world of tech. Seeking opportunities to expand my expertise to deliver user-centric experience websites.

WORK

- **KANGRA CO-OPERATIVE BANK LTD** (July'2022-Present)
 - Develop and maintain user-facing features and components.
 - Monitoring and improving front-end performance.
 - Translating designs into high quality code.
 - Responsible for working with Agile methodologies and also performed the unit testing for the functionalities implemented.
 - Troubleshoot and debug applications to ensure optimal performance.

SKILLS

- **HTML5 & CSS**
- **JavaScript**
- **React**
- **Git**
- **Redux**
- **MySql**
- **Soft Skills**
- **Problem Solving**

PROJECTS

- **PORTFOLIO WEBSITE**
 - Developed and deployed a personal website for a client over a server using GIT.
 - Developed an interactive layout using HTML, CSS and Javascript to generate an improved user experience and ensure high quality design and cross-browser compatibility.
 - Contributed actively in requirement gathering and user story design.
 - Optimized page elements to reduce loading time and debugged code to ensure cross-browser usability.
 - Added reusable code for optimising files loading process on browser.
 - Manipulated DOM to modify structure, style and content on the website.
- **SPOTIFY CLONE WEBSITE**
 - Designed front-end code using HTML5, CSS and JavaScript to create a responsive website.
 - Integrated customized playlist which is genre based classified.
 - Implemented Music playback controls for users to play, pause and adjust.
